

2016 Leaf Schedule

The schedule is listed by your recycling & garbage area.

Area A & B

October 18-20

November 8-10

December 6-8

Area C & F

October 11-13

November 1-3

November 29-December 1

Area D & E

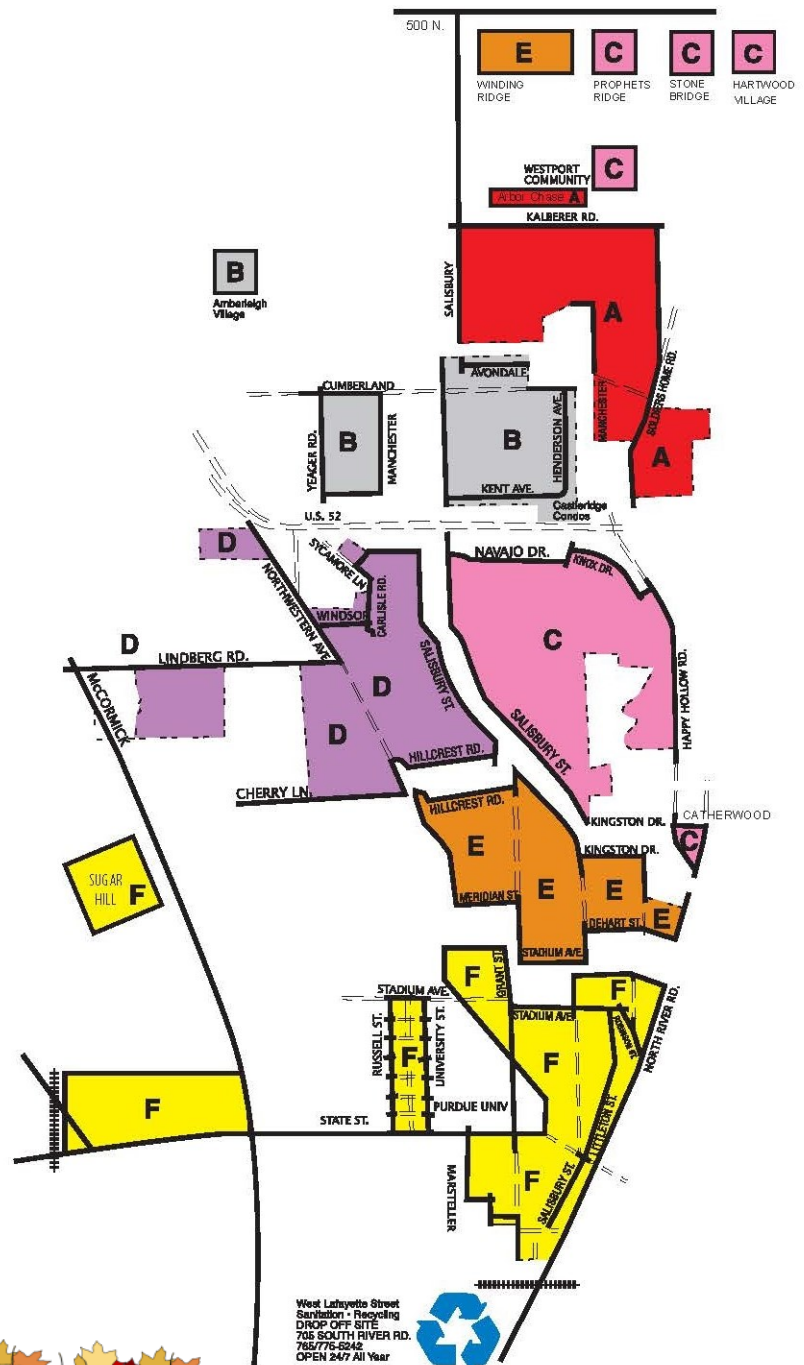

October 25-27

November 15-17

December 13-15

All leaves are to be raked 12 inches away from the curb line in a windrow. Please keep catch basins free of leaves. **Do not place sticks or other debris in with the leaves.**

Please have your leaves raked out by Monday of your scheduled collection week to avoid missed pick up. We will also pick up leaves in rigid containers on your scheduled yard waste pick up day.

While you are cleaning up your yard, please ensure that your trees and shrubs are not causing an obstruction for pedestrians or vehicles. Tree branches should be at least 8 feet above the sidewalk and 15 feet above the street. Your assistance with trimming the trees and shrubs would be greatly appreciated.
